NGTL GP Ltd., as general partner on behalf of NGTL Limited Partnership 2026 Meter Stations and Laterals Abandonment Program B (Mackenzie County) Notice of Proposed Abandonment Subsection 241(1) of the Canadian Energy Regulator Act

On August 4, 2026, NGTL GP Ltd., as general partner on behalf of NGTL Limited Partnership (**NGTL**) has filed an application with the Canada Energy Regulator (**CER**) to abandon five meter stations and four lateral pipelines on the NGTL System (**Project**), pursuant to subsection 241(1) of the Canadian Energy Regulator Act (**Application**).

The proposed abandonment will involve the abandon in-place of approximately 129.34 km of pipe ranging between NPS 6 and NPS 12 and the removal of five meter stations and associated infrastructure (i.e., valves, cathodic protection systems etc.) located throughout Alberta as shown on the accompanying map. You can find the application on the CER's website here, <https://apps.cer-rec.gc.ca/REGDOCS/> under **CER Filing ID: C40397** or by accessing the following: <https://apps.cer-rec.gc.ca/REGDOCS/Item/View/4710073>.

The Commission expects NGTL has engaged with people that may be impacted by the Project (including landowners, Indigenous Peoples, municipalities and others) to discuss the Project activities, mitigation measures, and/or any comments and concerns expressed.

If you have concerns about the Project, you may advise the Commission of your concerns by filing a written statement of opposition **within thirty (30) days of August 13, 2026**. A **statement of opposition to an abandonment application** form can also be found on the CER website <https://www.cer-rec.gc.ca/en/consultation-engagement/land-matters-guide/abandonment-pipeline.html> in both [English](#) and [French](#).

In deciding whether to hold additional process, the Commission will consider whether your interests may be impacted by the

Project and your explanation as to why you need more process steps.

The Commission will also use the information you provide to plan its review. For example, the Commission may ask the company for a written response to your concerns, which it will also consider when it makes its decision on the Project. In addition, the Commission may establish other opportunities for you to make your concerns known and for the company to respond.

The Commission will consider your statement of opposition when it makes its decision on the Project.

Further information on the Application will be communicated to anyone who submits a completed form.

For projects where the Commission is the final decision maker, the Crown's duty to consult is fulfilled through the Commission's regulatory process. The Commission is the final decision-maker on this Project. Indigenous communities who are concerned that their established or potential Indigenous or Treaty rights and related interests could be affected by the Project are strongly encouraged to make their concerns known to the Commission and to participate in any process held by the Commission.

Where appropriate, Alternate Dispute Resolution (**ADR**) services – such as mediation and facilitation – are available from the CER to help parties resolve disputes outside of the Commission's hearing processes. You can read more about ADR on the CER's website at www.cer-rec.gc.ca/adr.

For more information or for any questions, you can contact the CER's Process Advisor Help at 1 800-899-1265 (toll free) or via email at Process.Help@cer-rec.gc.ca.
